

S.No	Proposed month/ date	Event details
1	28 th July, 2020	Smart Manufacturing and the Pandemic
2	10 th August 2020	Introduction to Smart Manufacturing and Industry 4.0 (for beginners) (1.5 Hrs.)
3	10 th August 2020	Smart Machines and Machining Technologies (for Professionals) (1.5 Hrs)
4	13 th August 2020	Condition Based Monitoring for CNC Machine Tools (for Professionals) (2 Hrs)
5	14 th August 2020	Manufacturing Intelligence (for Professionals) (2 Hrs)
6	17 th August 2020	Industry 4.0 technology pillars (for Beginners)
7	17 th August 2020	Smart Factories (for Professionals) (1.5 Hrs)
8	18 th August 2020	Block Chain Technology/computing
9	20 th August 2020	Smart Factory Solutions
10	24 th August 2020	Conversion of Legacy Machines to IIoT Smart Machines (for Professionals)

S.No	Proposed month/ date	Event details
11	25 th August 2020	Webinar: Machine Connectivity and IIoT Enabled Technologies
12	26 th August 2020	OPC UA and its applications in Process Monitoring, Condition monitoring (for professionals)
13	1st September 2020	Smart Aggregates
14	7 th September 2020	Smart Machines and Machining Technologies (for Professionals)
15	8 th September 2020	IIoT Implementations on Smart Foundry (for Professionals)
16	9 th September 2020	Condition Based Monitoring for CNC Machine Tools (for Professionals)
17	14 th September, 2020	Industry 4.0 technology pillars (for Professionals)
18	17 th September, 2020	Smart Factories (for Professionals)
19	15 th September 2020	Block Chain Technology/computing
20	16 th September, 2020	Overview of augmented reality in manufacturing (4 hours + 6 hours e learning + project + follow up certificate)
21	16 th September 2020	Data Analytics and Hands on Data Analytics

Webinars, Training & Awareness Courses

S.No	Proposed month/ date	Event details
22	16 th September 2020	Smart Factory Solutions
23	18 th September 2020	Manufacturing Intelligence
24	21 st September 2020	Conversion of Legacy Machines to IIoT Smart Machines (for Professionals)
25	22 nd September 2020	Machine Connectivity and IIoT Enabled Technologies
26	23 rd September 2020	OPC UA and its applications in Process Monitoring, Condition monitoring (for professionals)
27	5 th October 2020	Data Analytics and Hands on Data Analytics
28	7 th – 9 th December 2020	Training Course on Smart Manufacturing and Industry 4.0
29	5 th Jan 2021	IIoT Implementations on Smart Foundry (for Professionals) (2 hours)
30	2 nd February 2021	Awareness: Benefits of industry 4.0 for MSME
31	17 th February 2021	Awareness: Benefits of industry 4.0 for MSME
32	22 nd – 24 th February 2021	Training Course on Smart Manufacturing and Industry 4.0
33	9 th March 2021	Awareness: Benefits of industry 4.0 for MSME
