Greetings from CMTI

We are pleased to inform you that we are conducting a 01 day Non-Residential Training Programme on **"Laser Based Material Process & Applications", course code: 4202**

Highlights / Overview of the Program:

The course is designed to disseminate cutting-edge technology and research in laser-based material processing. In today's world, lasers offer new and innovative solutions in many manufacturing areas, especially in advanced material processing. The course's main objective is to provide exposure to practical problems and their solutions through laser-based micromachining and additive manufacturing processes in various industries.

- Introduce the participants to the fundamental properties of laser beams as advanced materials processing and manufacturing tools.
- Provide the participants with an overview of principles involved in laser-material interactions.
- Provide exposure to practical problems and their solutions through various case studies related to laser- based advanced machining.
- Introduction and hands-on to the advanced laser machining facilities available in CMTI.

Target Participants:

Scientists/ Engineers & Academicians interested in Micromachining, Manufacturing, Tooling & Product Development Engineers, Material science researchers, Material & Metallurgists.

Programme Schedule

It is 01 day Non Residential Training Programme scheduled on **18th December 2026.** The Programme will be held at Central Manufacturing Technology Institute, Bengaluru.

Participation Fees

Rs. 3,900/- plus GST @ 18%*, per participant. This includes Course Kit, working veg lunch, midsession tea.**

Course Fee can be paid through **NEFT / RTGS / Demand Draft.** Demand Draft to be drawn in favor of "Central Manufacturing Technology Institute", payable at Bangalore and should reach CMTI one week before the actual date of commencement of the course.

Beneficiary for RTGS/NEFT

a) **Name** : **Central Manufacturing Technology Institute**
b) **GST No: 29AAATC2085K1ZJ**
